

Dampfix Gold

WATER BASED POLYURETHANE LIQUID WATERPROOFING MEMBRANE

Description

Very easy to use, water based and fibre reinforced polyurethane membrane for internal or external waterproofing. Dampfix Gold is fast drying and compatible with a wide range of Bostik tile adhesive. Far exceeds the requirements of AS/NZS 4858 and is classified Sp - Class

Features

- High performance (900% elongation)
- Silky brush feel and easy film build
- Fast drying
- Easily repaired / recoated
- Superb tear resistance

Application

- Apply by brush, airless spray roller or trowel. MUST NOT be used with “fibre” or reinforcing mesh.
- Always install as per AS/NZS 3740 (internal areas) or standards
- Always Apply two coats perpendicular to each other for assured coverage and to avoid pinholes

Preparation

- Appropriate preparation is vital for all waterproofing
- All substrates must be primed to avoid pinholing
- Preparation requirements will depend on the situation. Refer to Technical Data Sheet for more information (Including bond breaker requirements)
